Jesus is King — the Time Between

We live between the past and the future.
How obvious that is! How abstract can that
be?

For the Christian, the time between is the
time of the reign of Christ —

- Jesus is King
- Evil is conquered
- Faith is trusting the victorious Jesus

How obvious this is? How concrete can this
be!

During this time of the year the church year
draws to a close and a new church year
begins. Here is an opportunity to reflect on
that time between.

You are invited to take some time on
Saturday, November 23, 1996

- to think with your heart and
- to feel with your mind.
